PANDORA Dock Icons Crack+ [Updated]

This icon set started life as an idea for an Xbox Media Center skin. The skin itself was never meant to look like this, but hopefully you appreciate the outcome. NOTE: This package is free for personal use PANDORA File Icons Description: As you can see, these icons are based on the existing icons from the Microsoft Windows operating systems, but have been aligned and tweaked. The resulting icons are a perfect example of what can be done using the current Windows Control Panel scheme of a blue icon, another of the same blue icon with a darker background, and a notification icon. The user has little to no way of telling what an icon means until opening the App or Control Panel. The Result: The icons look clean and as they should be. A more useful icon display can be achieved using different icons and colors. If you would like to see how the icons would look when using a more useful icon scheme, download the icon set: Default Colors NOTE: The icons available are 150x150, 150x200, 250x150, and 250x200. Just Downloading the Icons: Just download the package and drop it into the same directory as your Theme Manager software. Drag & Drop the ICONZ.PARA file into your Theme Manager file and your theme should be ready to use. No Installation is required! Enjoy your Theme! We have made it as easy as possible to make your new theme look fantastic. INSTALLATION REMARKS: 1. To enjoy the full benefit of the icons, this set should be used with the Default Colors Theme. 2. If you use Personalize, you will be able to modify the icons individually by adding the same files to the Default Colors directory. 3. A blank icon set is included for web designs. 4. This icon set is free for personal use. You can use the set on all products that support icons. 5. The latest update to the set is available for download here: Iconz-1.5.0.zip This icon set started life as an idea for an Xbox Media Center skin.
